

**Table 3**

**Estimated Population of Selected Library Districts in the  
Impacted Area of Thermal Electric Generating Facilities<sup>1</sup>  
to be used in 2003 Fund Allocations**

| Library District   | 2002 Population<br>to be used in<br>2003 Fund Allocations | 2002 Proportion<br>of Total Impacted Library<br>District Population |
|--------------------|---|---|
| Total              | 60,075  | 1.000000  |
| Mid-Columbia       | 47,120  | 0.784353  |
| North Central      | 215   | 0.003579  |
| Walla Walla County | 5,085   | 0.084644  |
| Yakima Valley      | 7,655   | 0.127424  |

<sup>1</sup>In determining the impacted area according to RCW 54.38.010(7), the entrance at the intersection of Stevens Drive and Horn Rapids Road was considered the most commonly used entrance of the Hanford federal reservation.

Note: Populations are rounded to the nearest five.
